

# DACHSTEIN WEST

## YOU CAN'T HELP BUT LOVE IT

Dachstein West is a medium-sized ski area, with wonderful panoramic pistes and views of the Dachstein mountain. Accessed from the villages of Gosau, Russbach and Annaberg, it has a good mountain lodge network and gives great value for your money.

Located in the heart of Europe, you can find the prettiest views of the Dachstein mountain and Austrian hospitality at its most cordial all in the southern corner of the geographical triangle of Linz – Salzburg – Dachstein.

Situated between the idyllic and world famous village of Hallstatt in the Upper Austrian Dachstein-Salzammergut region, and Russbach and Annaberg in Salzburg, it is the home region of ski star and five-time World Cup winner Marcel Hirscher. There, a sustainable and first-class ski area has gently evolved. Dachstein West is still something of an insider tip; but it gets a great big "LIKE" from all ski fans, once they have found it. Skiing in Dachstein West offers an impressive mountain panorama, perfect pistes, snow guarantee to the greatest possible extent, modern lifts, traditionally styled mountain lodges and inexpensive ski passes. Skiing in the low mountain ranges protected from wind and avalanches with views of the higher mountains – there is hardly anywhere else where you can get the same intensity as here at Dachstein West. And this year it's even better with our brand-new, signposted, connected "Panoronda" ski circuit, with a total length of 44 km. This is just one of the reasons why Dachstein West is known as one of the ski areas in Austria with the best views – and one of the friendliest.

Our many satisfied guests love the unique style of our traditional ski lodges, but you needn't take just their word for it. It has also been repeatedly confirmed by test results and guest surveys carried out by independent market researchers as unusually good. The price per kilometre of slopes places Dachstein West in a class of its own, too.

DACHSTEIN WEST

## PANORONDA CRUISERS SKI CIRCUIT

With the new Panoronda (from the word combination of Pano (for panorama) and ronda (for circuit)), Dachstein West has made a statement that it is a force to be reckoned with when it comes to connected kilometres of piste.

## PUR FUN FOR BIG AND SMALL

In the Dachstein West region you can define fun for yourself. You can find the athletic kick either on the extensive ski slopes or on one of the 12 fun pistes. As a freestyler you can practise your grabs and tricks in the fun parks, whether on the obstacles, kickers or rails. Freeriders are mad for the "Rock'n'Roll" or "Schwarzreiter" fun pistes. You can really enjoy yourself here and also have fun improving your skiing. Pure fun!
