MOUNTAIN RESTAURANT Dachstein Krippenstein!

The modern full-service restaurant for summer and winter business has been integrated into the existing old building of the cable car mountain station, and the seminar and event room also brought to life again. Here you can enjoy domestic and international dishes, at which, of course, great value is placed on regional cooking. On the sun terrace and in the new dining room, which provides seating for up to 150 persons, you can enjoy divine panoramic views of the Dachstein glacier.

Nature experience Schönbergalm

The lovingly laid out Schönbergalm nature park by the middle station of the Dachstein Krippenstein cable car invites to watch, marvel and relax.

A **cave museum** takes children on a voyage of discovery through the **children-adventure** cave or the **bad weather station – cinema**.

Past the **Almbodenkick** football ground, it's on to the **Bamhittl** tree house via an adventure trail. A **climbing trail, information on the geology of the region and plenty of opportunities for rest and relaxation** complete the range of offers close to the cable car middle station.

In the restaurant Schönbergalm, you can recharge your batteries.

Ice Cave

A magical world of ice

“Gralsburg”, “Parsivaldom” and “King Arthur’s Cathedral”: behind all these fairytale names lies fascinating formations of ice and stone.

Accompanied by experienced cave guides, you can explore the magical underground world of Dachstein. The spectacular **ice sculptures**, breathtaking

lighting effects and unique **art installations** will fascinate you.

It's not just nature lovers who will be impressed by the Ice cave – music fans will too. Every year in August, the **Parsivaldom** will change into a unique concert hall. As part of the **Musical Ice concerts**, you have the opportunity to experience crystal-clear sounds by international artists in a very special atmosphere.

Mammut cave

Cave labyrinth of superlatives

One of the largest karst caves in the world impresses with its size, variety of shapes and spectacular artistic installations.

Almost **70 km** of the cave labyrinth has been explored, so where else could you get a better impression of the wide range of shapes of the cave world

than here. Our guided tours will take you through gigantic cave passages, impressive rock cathedrals and explain how they were formed. **Interplays of light and shadows and a laser installation** add special effects.

At our **trekking tours** you can experience the fantastic underground world. Grab your overalls, head torch and helmet and explore the **“Verfallene Burg”** or the inner of the mountain. An exciting adventure is guaranteed!

Koppenbrüller cave

Roaring water

Where a spectacular cave stream plunges into the Koppentraun river, the latest of the three Dachstein caves – the Koppenbrüller cave is located.

Especially during snowmelt and heavy rainfalls you can observe a unique natural spectacle here, which you can **hike through in complete safety** on one

of our guided tours. The water crashes its way through the mountain – no wonder that there are so many myths surrounding this cave. You can explore this “wild” side of the cave in one of the **trekking tours for the whole family**. Take the child-friendly **short adventure tour** or the challenging **trekking tour along the original waterways**, you’ll feel like a real explorer!

Dachstein Krippenstein

More than just hiking

A wonderful mountain plateau and plenty of variety: Here at the Dachstein Krippenstein you'll find everything a hiker, climber or leisure tourist could want.

The Dachstein Krippenstein cable car will transport you up to approx. 2,000 m, enabling you to conquer

the mountain with no effort at all. There is also disabled access: The **WeltNATURerbeblick** viewing platform is **wheelchair accessible** to ensure that everyone can enjoy the unique Dachstein panorama.

The **Dachstein Shark** (approx. 8-metre) is the latest attraction on the **Heilbronner circular trail**. The popular photo point can be reached in around 30 minutes walking distance and offers visitors a view into the pre-historic past of the Dachstein massif.

The Dachstein

A sporting challenge

Heilbronner circular trail

This hiking trail is particularly suited to families. Gentle climbs and incredible views of the Hallstätter Glacier accompany this **family-friendly hiking tour**. Information boards, fossils, the Dachstein Shark and an extensive network of trails make a trip from the mountain station to the “Gjaidalm” educational and enjoyable for young and old.

Need to satisfy your impulses for exercise? Then Dachstein Krippenstein is just your place. All the way from the valley to the top, the region offers delightful **hiking routes**, but also challenging mountain and **climbing tours**, such as the new via ferrata “Dachstein Krippenstein”, as well as a **wide range of sports options**. So pack the backpack and set off! No matter if going on a tour across the Dachstein Plateau or a leisurely walk near a lodge – the Dachstein offers plenty of variety at any time of year!

Nature Trail

Those interested in geology will love the Nature Trail. This **themed walk** leads from the “Gjaidalm” via Wiesberghaus lodge to the “Simonyhütte” and provides extensive knowledge about the rocks, plants and animals of the region.

Spend more time on the mountain thanks to the ascent with the cable car.

5fingers

Adrenaline & Relaxation

Not for the faint-hearted! The **5fingers** viewing platform, 400 metres above the abyss, provides a high level of adrenaline rush.

On five differently designed platforms, the **5fingers**, you can check your fear of heights and enjoy unique panoramic views of lake Hallstättersee and

the Salzkammergut. The **Welterbespirale** viewing platform on the summit of Krippenstein invites to relax, inform and enjoy. Here you'll learn interesting facts about various world heritage sites, can take photos at the **photo point*** and set your soul free on one of the **relaxation couches**.

*Photos are available online at www.dachstein-salzkammergut.com

CONFERENCE ROOM

This unique location is perfectly suited for your events, seminars, workshops and meetings. **The new conference room has a wonderful atmosphere with its large, sunny terrace and a panoramic view** of the Dachstein glacier. It is located on the first floor of the new mountain restaurant at Dachstein Krippenstein up to 2,100 m above sea level.

Basic details:
